

The importance of learning the Qur'aan

'Uthmaan Radhiallahu Anhu narrates that Nabi Sallallahu Alaihi wa Sallam said:

خيركم من تعلم القرآن وعلمه

The best of you are those who learn the Qur'aan and teach it.

This learning and teaching of the Qur'aan takes place on different levels. It includes correct recitation with Tajweed, memorization as far as possible, learning about the commands and prohibitions mentioned by the Qur'aan, etc.

It also includes making an effort to understand the Word of Allaah Ta'aala.

Therefore, we wish to encourage our Musallees to please take part in the Tafseer lessons that are conducted after Fajr Salaah in both our Masjids.

If we are asked on the day of Qiyaamah regarding what effort we made to understand the Qur'aan, then this brief sitting after Fajr Salaah daily, if done sincerely, will benefit us.

May Allaah Ta'aala grant us the ability.

Aameen.
